Women's and Juniors World Futnet Championships

*...encourage the practice of men's and women's futnet
in all its forms and all age groups.*

UNIF's Mission Statement

Women's World Futnet Championships are the showcase of great futnet skills of women of all ages who win the admiration and respect of all the fans while Juniors World Championships for U21 male players offer a fantastic opportunity to see many budding talents and future stars of futnet.

Do not miss out on the great futnet experience and note down the first weekend in November when the second largest city of the Czech Republic, Brno, will host the Women's and Juniors World Championships. Both events are open to countries from all over the world and are held in the three futnet disciplines – single, double and triple – so there are as many as six sets of medals to give away.

I. Conditions of participation

The World Championships are open to all UNIF member and non-member national associations as well as the countries where no national futsal association has been formed yet after complying with the following conditions:

1. registration for participation as a minimum in the doubles and triples and payment of the corresponding fees within the deadline
